

## ABOUT VISVERO:

### Increasing profitability & efficiency

Founded in 2003, the Visvero team offers deep—and proven—expertise in artificial intelligence (AI), big data management, business intelligence, machine learning (ML), and robotic process automation (RPA). **Supporting strategic business goals**, Visvero's contingent staffing, project management, and agile methodologies help ensure every project is delivered on time and within budget.

**Eliminating information silos and optimizing utilization of data assets**, Visvero's state-of-the-art solutions and experienced data analysts help to unlock consolidated, actionable insights for better, faster, and more informed decision-making.

**Meeting information availability objectives**, Visvero delivers the tools, people, and processes your organization needs to ensure compliance, increase productivity, and reduce operating costs.

Visvero specialists leverage **deep subject and sector expertise to accelerate time to value**, utilizing predictive analytics and automating strategic business processes to ensure incremental gains aligned to mission demands.
